

2004/5

- Blood biomarkers discovered

2006/7

- Validation 36 AD proteins in blood

2008

- GSK publications on AD: *Biomarkers; Proteomics Clinical Applications (2008)*
Endorsement of PS biomarker diagnostic and therapeutic utility
- Clusterin MS Assay

2009

- **Breakthrough link of CLU (gene producing clusterin) to AD risk: *Nature Genetics, September***
- **Millipore license for AD biomarkers on Luminex®**
- **AD blood biomarker assay in late development/ testing at KCL**
